ABOUT THE FOUNDER

Lori T. Williams is a licensed attorney with twenty years experience in the legal field. She owned and operated a successful solo law practice for fourteen years before founding *Your Legal Resource, PLLC*. The company serves the greater community through three distinct services: providing appropriate legal referrals to individuals and small businesses in need of legal advice or representation; assisting individuals, small businesses, and startups in finding resources to begin or grow their business; helping law firms and lawyers gain a stronger understanding and working knowledge of the business side of the legal field.

"Lori is a true networking guru! She puts like minded people together and runs her business with sincerity and wisdom... I have an "a-ha" moment each time we connect. Lori is bringing back the human connection to business!"
