We invite you to share this newsletter with other attorneys you know who could benefit from this information or our services.

Lori is a 20 year attorney and owner of a legal referral service known as Your Legal Resource, PLLC. She connects individuals and small businesses in need of legal advice or representation with the right lawyer. Her team of attorneys covers all areas of specialty throughout Metro Detroit.

She also helps solo and small firm attorneys start and grow their practices by effectively branding and marketing themselves, mastering networking, and creating effective strategic relationships to generate clients and revenue.

How to increase your bottom line.

Increasing one's bottom line seems to be the focus for 2010. What's your strategy for doing so? Many attorneys are looking for new ways to market themselves, network more effectively, create referral relationships, and figure out social media. While these are all good tools and topics for attorneys in general, how they are applied or implemented will vary from attorney to attorney, firm to firm. As it should. There is no one size fits all way to generate business, nor is there a one size fits all attorney or law firm.

The important thing is to stay current with the online and in person networking and marketing tools, and implement a social media strategy that works for you. No matter your preferred method of networking or marketing, the goal should be to strengthen your brand as well as your relationships with prospective clients, referral sources, existing clients, and your colleagues.

I'd love for you to join me at one or both of the upcoming events this month, designed to help you generate more referrals, relationships, and clients:

If you are in a litigation practice, you may want to join us on January 21st for a panel discussion lunch and learn on E-Discovery and how it applies to your practice. Click [here](#) for more information.

Feel free to forward this newsletter or the events mentioned above to other attorneys you know who may be interested. I'd love your feedback about these events, as well as other topics of interest. My goal is to help you increase your bottom line through effective networking, marketing, and referral relationships.

All my best,

Lori

The legal community is fortunate to have such a reliable and kind attorney dedicated to improving legal services." Ruth Lyons , Student , Wayne State University Law School
